

Quality Smart Logistics combines efficient and fast solutions and activities in a field of complete logistics (transport, warehousing, customs clearing), specially customized according our clients' demands and needs.

QUALITY
SMART
LOGISTICS

As the most common way of transportation, the main link between other ways and the only possible solution when it comes to some particular scenarios, road transport is a key factor in a "door-to-door" service, which QSL provides.

We organize all kinds of road transport:

- FTL (Full Truck Load),
- PTL (Part Truck Load),
- Collective transport,
- Special transport.

QSL provides the most contemporary customized logistics solutions, which meet all complex demands when it comes to flexibility, , costs reduce and our clients' productivity boost.

At the Customs Office Ostružnica Terminal, in Bore Stankovića street No 16, we own a high rack commercial warehouse, as well as customs warehouse, with a surface area of 2000 m², approachable for loading/unloading of all types of cargo vehicles.

In order for the complete supply chain to function undisturbed, it is necessary to follow up all the activities, including certain planning realization path, purchasing, distribution, as well as some additional services we offer:

- Packaging
- Labeling
- Picking
- Sorting
- Quality and quantity check
- Supply tracking
- Reverse logistics

QSL also provides sea transport of cargo worldwide, including all types of containers, depending on specificity of Your shipment and particular demands:

- Dry Standard (20 ft x 40 ft),
- Dry High (40 ft x 45 ft),
- Open Top (20 ft x 40 ft),
- 20 ft Reefer Standard,
- 40 ft Reefer High,
- Flat Standard (20 ft x 40 ft),
- 40 ft Flat High,
- Tank (20 ft x 40 ft).

Depending on Incoterms and Your needs, beside organizing sea freight transportation, QSL administers all the additional activities:

- Freight insurance
- Import and export customs procedures
- Submitting all the necessary documentation according to regulatives
- Container delivery to Port of Loading
- Distribution from Port of Delivery to final destination

- We organize "door-to-door" air transport, transport of dangerous goods, high-value shipments, out-of-gauge cargo shipments, as well as air cargo charter service.
- Also, we organize packaging of goods intended for air transport, as well as air transport insurance.

We prepare all the required documentation when it comes to export/import, warehousing, temporary import, re-export, etc. On the other hand, we provide consulting service regarding customs clearance, as well as broking in case of any inspections (sanitary, veterinary, phytosanitary...)
